OUTSIDE EDGE ADVENTURES FISHING EXPERIENCE

WEST COAST OF CAPE YORK PENINSULAR

Located on the west coast of Cape York Peninsular, Weipa is Outside Edge Adventures original fishing experience. Weipa is well known for it's fishing diversity and can provide anglers with some exciting fishing experiences. Cape York caters for fisherman of all experience and we use only the best local guides to ensure that you are in capable hands to land a fish of a lifetime.

ESTUARY, FLATS OR BLUE WATER FISHING

Whether you are after estuary fishing, flats fishing or blue water options we are confident that we can satisfy your needs to keep you coming back for more. Whilst in Cape York you will experience some breathtaking scenery and will understand why it is a bucket list fishing destination for anglers from all around the world.

The estuary fishing will be targeting the likes of Barramundi, Mangrove Jack, King Salmon, Queenfish, and Black Jew plus many more.

The beauty of these river systems is that the reef systems are close by so on calm days you can fish for the likes of Trout, Fingermark, Queenfish, Mackerel, Tuna and GT's as well.

Weipa is also home to some amazing fly fishing for the elusive Permit and Blue Bastid.

Each of our trips are tailored, however Cape York offers clients fishing options all year round. Upon your booking request we will match the best dates and tides to suit you and your desired species of fish.
